the time that I thought they only intended to set it up as another concentration camp in Eretz Yisrael for the 1.5 million men, women, and children left behind to suffer and die in it, and today I'm only more convinced that the leading Jews had that in mind all along.

life in Gaza is a constant gauntlet of Israeli sniper fire, military rockets and army bulldozers. No one is safe. In light of the escalating tensions, we're bringing back one our most moving documentaries, a hard-hitting expose of life in the Occupied territories. We speak to the children caught in the crossfire and find out the true cost of Israel's targeted assassinations policy.

Jews herded into Warsaw ghetto - 450,000 inmates walled in Gaza style

Starving children in Warsaw ghetto

'Ghetto Gaza' is also no doubt a vindictive response to what Jews suffered in the ghettos in Europe under the Nazis, and a revival of the gulags under the Soviet or Round Table "Council" of the JewSSR; and the psychopathic institution of it has its roots in the Old Testament, which forms the mindset of the Jew and says Jehovah commanded the Israelites to wipe out the Canaanites and possess their land.

In fact Gaza, in Old Testament times, was one of the five royal cities of the Philistines, and the 'house of commons' in the place was pulled down around the ears of the lords of the Philistines by the Jewish hero Samson, which might have provided some of the inspiration for the Jews' bombing of the Hamas headquarters in the Gaza Strip, and puts a new twist on the Jews' Samson Option, which is their plot to take down the world with them by using their nuclear and toxin weapons in a totally irresponsible way if there's ever another Holocaust again.
